

REINDIGENISING OUR STORIES:

Pathways to restoring local indigenous knowledge and practice in ECE

AN INTENSIVE PROGRAMME

Running from July - November 2021

During this programme, we will work intensively with six services in the Waikato to support kaiako to develop a sound knowledge and competence to deliver Aotearoa NZ Histories, through a localised curriculum approach.

The programme will consist of:

- 2 x full day Saturday waananga (9am-3pm) beginning on 24 July
- Evening workshops
- In-centre visits
- Online support

Each service will be supported to develop a Case Study, which will be presented to the wider community at the end of the programme.

As this opportunity is only available for six services, we are looking for teams with a strong desire, passion and commitment to this kaupapa.

Don't forget about the history that has been made by our tīpuna. They made commitments for our survival. Messages for the future are contained in our past - we need to recognise and remember them. (Ngaropi Cameron)
